The Honorable Rosa DeLauro  
Ranking Member  
Committee on Appropriations  
U.S. House of Representatives  
Washington, D.C. 20515

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for Hamilton Township for Firehouse HVAC System Upgrades in Fiscal Year 2026.

The entity to receive funding for this project is the Township of Hamilton, located at 2090 Greenwood Avenue, Hamilton, NJ 08609.

The funding would be used for HVAC system upgrades in all eight firehouses to improve air quality, energy efficiency, and firefighter safety.

This project is a good use of taxpayer funding because it addresses critical public safety infrastructure by replacing outdated and failing HVAC systems in Hamilton Township's eight fire stations—ensuring safe, healthy, and climate-controlled environments for first responders—while also delivering long-term financial, operational, and environmental benefits through energy efficiency, reduced utility costs, job creation, and the prevention of more costly emergency repairs, ultimately maximizing the value of public investment and enhancing service for over 92,000 residents.

The project has a federal nexus because the funding provided is consistent with purposes authorized in 5305(a)(2).

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

HERB CONAWAY, JR., MD
